Welcome

Study in the UK: Discover You

The experiences, knowledge and confidence gained by studying in the UK will inspire you to define your own career path. 10% of World Leaders received a British Education.

Quality: The quality, reputation and methodology in UK Education is renowned world-wide and it is no surprise that UK Universities remain in the top international ranking tables year on year. With these results the UK attracts over 500,000 international students each year including nearly 10,000 from Spain. An education and reputation that opens doors.

Student opinion: Students value the top-quality teaching, innovative methodology, a truly international experience and of course, the opportunity to perfect their English.

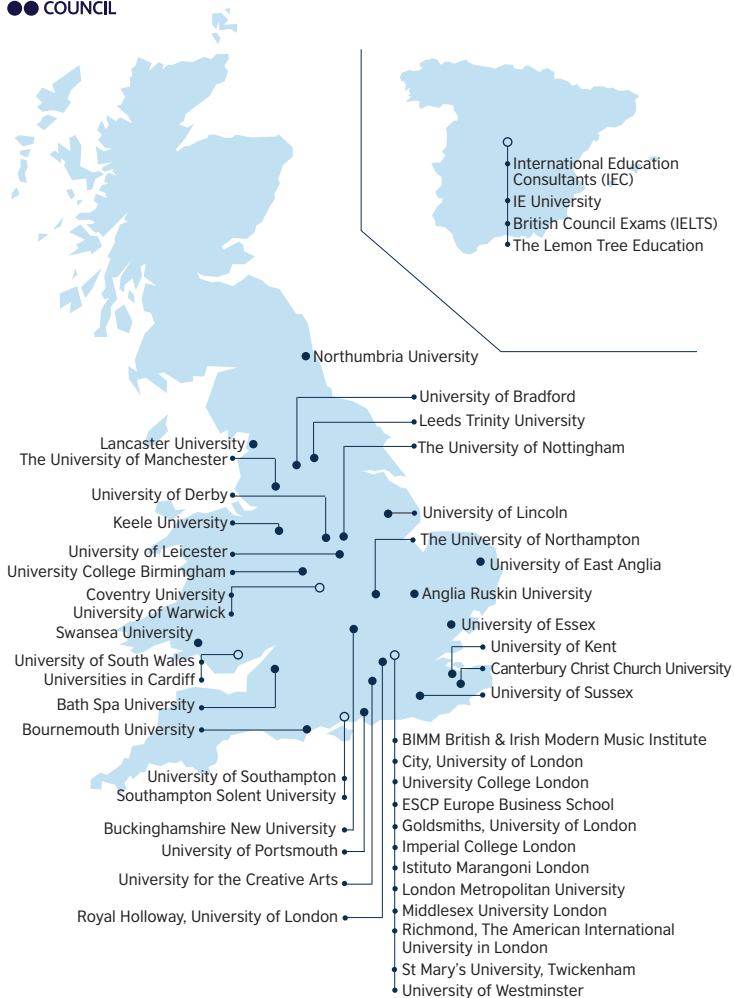

Easier than expected: Studying at a UK university might be easier than you think. Entry requirements vary from course to course and from university to university. Access to your chosen degree programme may be possible with an average of 6.5 in Bachillerato and IELTS (PAU is not always required). Take a closer look at what you need for what you want to study. To date, UK Government loans help with funding undergraduate studies. Also, students from Spain may be eligible to apply for a range of scholarships available from the universities themselves. In 2016 a new scheme to fund up to £10,000 for Master or Post-Graduate programmes was introduced. This scheme is still open in 2017/18.

Discover yourself: Studying in the UK will provide you with the opportunity to become more independent, explore your own creativity and experience and international education. The UK's educational offer cannot be matched anywhere else in the world. Not only will you have access to a wider world of possibilities and opportunities but you will also contribute to cutting edge thinking, debate and discovery.

Make the most of the Education Fair: Our booklet gives you handy information about which universities offer the studies you want and when you can join our information sessions. Remember to visit our Exams stand to find out which exam will best accredit your level of English. You will definitely leave with everything you need to know about your higher education in the UK.

We hope you too will start your journey as a world leader by studying in the UK!

The Education Team
British Council Spain

Universities

Anglia Ruskin University

ARU is a modern global university, with five faculties and six research institutes based in three campuses in Cambridge, Chelmsford and Peterborough. The university is academically ambitious and prides itself on being enterprising and innovative, nurturing those qualities in our students. With 90% employability, our graduates learn the right skills to help them realise their ambition.

British Council Exams (IELTS)

Be more international! Take IELTS and become globally mobile.

IELTS (the International English language testing system) is the world's most popular English language proficiency test for higher education and global mobility, with over 2.3 million tests taken in the last year. More than 9,000 institutions across the world accept it.

IELTS assesses all of your English skills - reading, writing, listening and speaking, and is designed to reflect how you will use English.

When you register for IELTS with the British Council you will access a free 30 hour online preparation course (Road to IELTS).

19:00 - 19:45	World Class Study in London: Information session for post-graduate students (in English)	19

Getting Into... Guides

MPW produce **The Trotman guides** to give would-be university students a head start when applying for highly competitive undergraduate courses and universities. Written by acknowledged experts in a clear and concise format, they offer practical advice on how to secure a place on the course of their choice. Each title in the series provides an honest view of what it's like to study the subject, detailed advice on choosing the right university or college and guidance on the application procedure.

MPW Schools and Colleges

MPW are amongst the best known and most respected independent colleges in London, Birmingham and Cambridge, located in close proximity to prestigious university campuses. MPW offers GCSEs, A levels and the University of London foundation programmes. One very successful activity is the Easter Revision, when UK students from other colleges attend MPW for an intense revision of core topics to ensure students return to their schools with superior subject knowledge and self-confidence, to achieve outstanding academic results.
